

RELEASE OF LIABILITY

Dear Client,

We at INNERCURE, INC. do not practice medicine. Hypnosis and Hypnotherapy are unique and separate professions as are counseling and Psychotherapy. Through the use of hypnosis/hypnotherapy, counseling, NLP and other related holistic methods, we can help you accomplish your goals. We do not prescribe drugs or related treatment. After consultation we suggest alternatives, and provide services that may be utilized to enhance your well being, and help you accomplish your goal(s). Note: Those under the care of a physician should not ignore your doctor's advice for medical problems. Consult with your physician before making any changes in his/her prescribed treatment. Our philosophy is not intended to be a replacement. It is an additional method to help you accomplish your goal(s). Our programs are also designed to contribute to developing a greater personal sense of well-being, happiness, and health. We are partners in achieving your success, therefore there are no guarantees of success either stated or implied. Therefore there are no refunds of session or program fees. As it is your option whether or not to exercise any suggestions offered.
